

# **Lindenwood vs Illinois State**

## **[Video Clip](#)**

### **Ball out of play**

In this play, the white team is defending and turns over the ball in their defensive third of the field. The black team player kicks the ball, it hits the Referee, and the black team starts a promising attack towards goal. The Referee should blow his whistle and stop play when he observes the promising attack. The correct restart is a drop ball to the black team at the spot where their promising attack began.
